## COMFORT VALUE™ HYBRID FOXY PLUS (CVHFP)

PART OF THE HYBRID SLING FAMILY

*With wider leg width to accommodate a more pear-shaped body than standard sling shapes and an integral head support, the COMFORT VALUE™ Hybrid Foxy sling provides additional comfort for heavier users.*

### FEATURES & BENEFITS

- Easy to fit and remove
- Parasilk™ fabric on leg sections and down vertebrae
  - Minimises shear and drag
  - Reduces tissue viability and pressure ulcer risks
- One piece fabric for additional user comfort
- Positioning Pockets for greater manoeuvrability and better moving and handling practice
- Modesty loop for increased user security
- Suitable for almost all conditions and disabilities
- Suitable for Amputees (above-knee: single or bilateral)
- Extensor loops fitted as standard
  - Aids user stability during hoist through unique “Suspension” feature that counterpoises extensor spasm
  - Simplifies attachment to the spreader bar
- Integral head support
