

GLOVE™ CONVENIENCE MAX (GCM) PART OF THE TOILETING SLING FAMILY

The GLOVE™ Convenience Max is an elegant advanced toileting sling that encompasses a self-adjusting corset-style body with patented binding-free padded leg section offering users maximum comfort and maximum security during use. Ideal for users with minimal upper body strength!

FEATURES & BENEFITS

- Self-adjusting corset-style body design that hugs as it lifts for maximum support and comfort
- Adjustable shoulder straps
- Adjustable triple clunk-click buckle chest band
- Large aperture for maximum access and hygiene
- Padded lumbar support with luxurious one-way velvet velour lining
- Deep underarm padding for increased comfort
- Padded with 3D-Spacer fabric for comfort, durability and quicker drying
- High back support enables lifting from bed and floor as well as seated position
- Patented binding-free double-sided slidesheet padded leg sections aids fitting and reduces skin shear and tear
- Positioning Pockets for ease of fitting, greater user dignity during hoisting and better safe patient handling practice
